

The Amsden Academy has had some excellent programs this spring. We are grateful to our speakers who gave of their time freely to teach and lead these informative discussions, and we are grateful to those who have attended these programs.

March 28th – David Morgan presented a Pre-Retirement Seminar. David is a member and Elder of Ormond Beach Presbyterian Church and CEO of REAP – Retirement & Estate Advisors and Planners.

April 15th – Christian Dickenson principle of Grace Academy in Ormond Beach presented a program on the 21st Century Learner. He encouraged us to view education as a dynamic process of lighting the fire of imagination and a love for learning in the minds and hearts of our children.

April 18th – 30 people gathered in our sanctuary and enjoyed watching the movie *The Mission* starring Robert DeNiro, Jeremy Irons, and Liam Neeson.

News from the Pews

Dearest church family,

We are grateful for the impression you all made on Grosett "Woody" Blackwood. Good Friday 2013 Woody first entered our Sanctuary, closer he walked with our Lord, he loved the Pastor's messages, he loved Mid-Week services and serving at H.U.M. He felt loved and accepted here. You are all true disciples; therefore, without hesitation or doubt we are rejoicing, for we are confident he is at home for eternity in God's Heavenly Kingdom.

We thank you for your prayers, cards, food and your messages; they are comforting during this difficult season of our/my life.

May God bless you all abundantly, Annie "B"
